THELAGARI (LUMINA COMMERCE)

120-DAY SUPPORT COMPLETION & FINAL SIGN-OFF CERTIFICATE

Production URL: https://thelagaribd.com | Version: v1.0.0-production | Date: October 2026

1. Executive Declaration of Support Fulfillment

This document certifies that the comprehensive 120-Day Post-Launch Support & Warranty Period for the Thelagari E-Commerce platform has been fully completed and executed in compliance with agreed terms. All feature defect remediations, performance enhancements, and infrastructure stability items have been successfully delivered. There are zero outstanding Critical (P1) or Major (P2) defects.

2. 120-Day Support SLA & Performance Summary

Dimension / Deliverable	Agreed Target	Delivered Result	Status
Support Window	120 Calendar Days	120 Days Full Coverage	**Completed**
Critical Defect SLA (P1)	< 8 Hours Target Resolution	0 Unresolved Critical Defects	**100% Resolved**
Major Defect SLA (P2)	< 24 Hours Target Resolution	All Functional Tickets Closed	**100% Resolved**

3. Core Systems Handed Over & Operational

- React Storefront & Customer Portal: Live at https://thelagaribd.com with responsive mobile optimization.
- Node.js/Express API & PM2: Stable cluster mode with automated reboot recovery and SSL termination.
- MongoDB Database & Rclone: Nightly automated backups syncing directly to client Google Drive.
- Third-Party Services: Cloudinary media CDN, Resend transactional emails, and Payment Gateway active.

4. Operational Transition & Closeout Terms

Upon signature of this document, the complimentary 120-day warranty window concludes and the platform transitions to Client Self-Management. The delivery team is discharged from complimentary support obligations. Ongoing maintenance, feature enhancements, or ad-hoc technical requests remain available under a separate agreement.
